List  
No. 70  
Revised*

UNITED STATES DEPARTMENT OF AGRICULTURE  
NATIONAL AGRICULTURAL LIBRARY  
WASHINGTON, D.C.

NATIONAL AGRICULTURAL LIBRARY  
United States Department of Agriculture  
Washington, D. C.

PREFACE

This list was first issued in December 1960, by the National Agricultural Library under a grant from the National Science Foundation. This first revision includes 19 new titles and approximately 600 new issues which have been added to the collection in addition to changes and corrections.

We wish to extend our gratitude to the Chinese Section and the Exchange and Gift Division of the Library of Congress through which many of the new acquisitions have been received.

The data used in this bibliography will be incorporated into the union list of Chinese scientific periodicals, now in preparation by the Libraries of the Massachusetts Institute of Technology.

Titles of publications included are listed in alphabetical order, and the following information is included for each:

1. Title in English romanization of the Wade-Giles system; in Chinese; in "pin yin" (Chinese Communist) romanization, if given; in English translation; and in Latin, if given. Translations supplied by the editors of the publications are indicated with quotation marks.
2. Frequency of publication, where known.
3. Publisher in English translation.
4. National Agricultural Library call number, if cataloged.
5. For some titles, a brief annotation on the general nature and contents of the publication; changes of title and frequency; availability of table of contents and resumes in foreign languages; and other pertinent information.
6. Holdings at the National Agricultural Library.

Also included are: List of publishers; Index to titles in Wade-Giles romanization, in "pin yin" romanization and in Latin; and a Subject Index.
